Gary,

Attached is a Class 1 amendment for VB's 25315 and 25146. Please make sure you read my note in the other section as I want to make sure you are comfortable with that. I have also asked the lab to rerun SVOC's for VB25203 at a lower dilution to see if we can get rid of the D033 waste code. If that's the case we can run that vac box as Class 1 as well.

Thanks,

Beth Crawford
